How to Place Your Property on the Available Housing List:

Property Owners/Agents are invited

to list their available rental property with the Housing Authority. We offer this listing as a **free** service to property owner/agents and Section 8 Program participants.

The information will be added to the appropriate area listing and will remain there for 30 days, or until you inform the HA that the unit is no longer available. At the end of the 30 day period, your property will be removed from the list unless you call to request an extension. To obtain additional forms, you may copy this form, contact one of our Housing Offices, or download a copy from our website (www.hasbarco.org).
